

Indane Gas

Indane is today one of the largest packed-LPG brands in the world and has been conferred the coveted 'Consumer Superbrand' status by the Superbrands Council of India. Having launched LPG marketing in the mid-60s, [Indian Gas](#) has been credited with bringing about a 'kitchen revolution,' spreading warmth and cheer in millions of households with the introduction of the clean and efficient cooking fuel. It has led to a substantial improvement in the health of women, especially in rural areas by replacing smoky and unhealthy chulha. Indane is today an ideal fuel for modern kitchens, synonymous with safety, reliability and convenience.

With the status of an exclusive business vertical within the Corporation, the Indane network delivers 1.2 million cylinders a day to the doorsteps of over 53 million households, making IndianOil the second largest marketer of LPG globally, after SHV Gas of The Netherlands. Indane is available in compact 5 kg cylinders for rural, hilly and inaccessible areas, 14.2 kg cylinders for domestic use, and 19 kg and 47.5 kg for commercial and industrial use.

Indane at your doorstep LPG is a blend of Butane and Propane readily liquefied under moderate pressure. LPG vapour is heavier than air; thus it normally settles down in low-lying places. Since LPG has only a faint scent, a mercaptan odorant is added to help in its detection. In the event of an LPG leak, the vapourisation of liquid cools the atmosphere and condenses the water vapour contained in it to form a whitish fog, which is easy to observe. LPG in fairly large concentrations displaces oxygen leading to a nauseous or suffocating feeling.

Indian Gas Lpg is largest commercial enterprise in the country it is the flagship corporate of the Indian Nation. Besides having a dominant market share, IndianOil is widely recognized as India's dominant energy brand and customers perceive IndianOil as a reliable symbol for high quality products and services.

Indane Gas Lpg hose, flame retardant aprons and energy efficient Green Label stoves are recommended to enhance safety measures while using LPG as cooking fuel.
